

# FREE! Child Passenger Safety Seat Checkup

The High Ridge Fire District will be hosting a Child Passenger Safety Seat Checkup at HRFD Fire Station #1 (2842 High Ridge Boulevard)

**Saturday, October 13<sup>th</sup> 2007 from 10am - 3pm.**

Are your children's car seats properly installed?

- Not only will we inspect your current car seat installation, we will teach you how to properly install your car seat.
- We will also be checking vehicle installation requirements and current safety seat recall information.
- Trained personnel will be on hand to provide instruction and assistance.

Preparing for the birth of a new child?

- Be prepared to give baby his/her first car ride! Bring your vehicle and car seat to learn how to install it properly.

Did you know?

- Motor vehicle crashes are the leading killer of kids in the United States. Many injuries and deaths can be prevented by properly using car seats.
- With four out of five seats misused, this free service will help parents and caregivers provide safe transport for their most precious cargo.

Fun?

- We will also be hosting tours of the fire trucks and engine house and serving popcorn.
